Civic Building Gets New Entrance

For Immediate Release

(April 23/18): The Thompson-Nicola Regional District will be closing off the entrance to the Civic Building in Kamloops beginning April 30 as part of an enhancement project that will create a new entrance to the building. The project is expected to take four months.

ARTIST RENDERING

The front entrance to the Civic Building is being redesigned to better use the space that is currently just an open courtyard. It will create a large foyer for hosting events, featuring a more visible entrance facing Victoria Street. The addition will also improve the safety of the entrance area.

During the closure, access to the Civic Building can be accessed via a walkway that faces Victoria Street, beside the Civic Building's parkade ramp. Prominent signage will also point people in the right direction.

The TNRD apologizes for any inconvenience this may cause. For more information, go to tnrd.ca
