

TNRD Talks: Recycling – Worksheet – Grades 7-12

Write a short essay or create a presentation that answers the following questions.

Hint: Go to RCBC.ca or ProductCare.ca to start your research.

1. What is EPR and why is it important to make recycling work?
2. Give an example of an EPR program in British Columbia.
3. Design an EPR program for a product that doesn't currently have a program and explain why you chose that product.
