Tyrone McCabe
Thompson-Nicola Regional District
#300 – 465 Victoria Street
Kamloops, BC V2C 2A9

Attention: Tyrone McCabe, Manager of Utility Services

Dear Mr. McCabe:

Re:Blue River Community Water System – Proposed Conditions of Permit

The following terms and conditions placed on your Permit to Operate are placed under section 8 of the Drinking Water Protection Act. As such, there is a legal requirement to comply with all terms and conditions of the permit. Please contact the undersigned if you have comments for consideration with respect to the permit changes. Otherwise, the terms and conditions in this letter will supersede and update previous terms and conditions:

1. Identify a Financial Plan

Status: New condition – Pending target day

Objective: Prepare a financial plan for treatment installation and/or distribution system upgrades

- Formulate operating and capital budgets based on the projected costs of improvements to the water system based on recommendations made by Western Water's Phase 2 GARP Assessment
- Submit the financial plan to the Environmental Health Officer

Target: August 1st 2021

2. Identify preferred Treatment and Water System Improvement decision(s)

Status: New condition – pending target date

Objectives:

- Inform Environmental Health Officer of decision in regards to water system improvements that follow the recommendations made by Western Water's Phase 2 GARP Assessment

Target Date: November 1st 2021

3. Install Water System Upgrades

Status: New Condition – Pending Target date

Objectives:

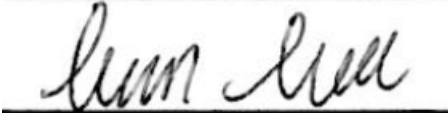

Bus: (250) 851-7340 **Fax:** (250) 851-7341
