GENERAL LOCAL ELECTIONS: OCTOBER 15, 2022

General Voting Day is on October 15, 2022. Know whether you can vote, find out where and when to vote, and most importantly: exercise your democratic right... vote!

You must meet the following requirements to be eligible to vote:

- 18 years of age or older on General Voting Day;
- Canadian citizen;
- resident of B.C. for at least 6 months immediately before the day of registration;
- resident of, or registered owner of real property for at least 30 days in the TNRD Electoral Area; and
- not disqualified under the Local Government Act or any other enactment from voting in the assent voting and not otherwise disqualified by law.

On General Voting Day, polling stations across the TNRD will be open from 8 am to 8 pm. There are several alternatives that voters will have as well:

- **Advanced Voting Day:** October 5, 2022, 8 am to 8 pm, located at the TNRD Civic Building 4th Floor (465 Victoria St., Kamloops, B.C.).
- **Mail Ballot Voting:** Mail ballot voting is available for resident and non-resident voters in the TNRD. Voters will need to sign up through an online form available on the TNRD website.
- **Mobile Polls:** Available on select dates between October 6 and 14, 2022, with locations following the TNRL Mobile Library schedule.
- **Pop-Up Polls:** This travelling polling station will be available in select communities on General Voting Day.

For each Electoral Area where there will be an election, a map of polling stations is available on the TNRD's General Elections 2022 webpage. Visit www.tnrd.ca/elections-2022 to learn more.

FIRESMART IN THE TNRD

The TNRD is pleased to have Jeremy Denny as the first Fire Training Officer and FireSmart Coordinator. Denny has been involved with Emergency Response for more than 20 years and has been in Fire Protection for 10 years. He maintains his boots-on-the-ground position as Captain and Training Officer for the Shuswap Fire Department. Denny also started the Columbia-Shuswap Regional District junior fire program in 2017.

As part of Jeremy's role, the TNRD will be developing and delivering a regional FireSmart program to all Electoral Areas. FireSmart is a national program with an abundance of resources, programs and training to help reduce the risk of interface fires for property owners and their communities.

FireSmart programming has been delivered by the TNRD, but capacity has been limited in recent years due to frequent activation of the Emergency Operations Centre and emergency recovery. This newly created position ensures we have the staff capacity to ensure FireSmart programming is improved and expanded.

Stay tuned in 2023 for new programs and supports available to TNRD residents, and welcome to Jeremy! www.tnrd.ca/firesmart
