## WALHACHIN COMMUNITY WATER SYSTEM NEWS:

Spring 2022

A Boil Water Notice is in place for the Walhachin Community Water System while an intake pump failure is repaired. Temporary repairs have been completed to the intake pump from the Thompson River; the Community Water System operated on Jimmies Creek under reduced capacity while repairs took place in early August.

Installation was completed during Summer 2022 of an Automatic Transfer Switch (ATS), which allows for automatic connection to a mobile generator in the event of a long-term power outage. This will ensure that in this situation, customers will continue to be provided efficient water service.
