

New Invader Program- Eligible Invasive Plants

The following invasive plant species are eligible for treatment under the TNRD's New Invader Program. These species are regional early detection and rapid response species. They are extremely high priority for management within the TNRD.

The TNRD will cover UP TO 100% of the cost of invasive plant control, on listed new invaders, by a licensed contractor using herbicide. The cost covered by the TNRD may vary dependent upon the size and extent of the infestation and funding availability. The maximum amount the TNRD will cover is \$4,000. Exceptions to the maximum coverage may be considered under exceptional circumstances.

If the plant of concern is not on this list, please check to see if it is eligible for treatment under one of the following programs:

1. **Provincial Early Detection and Rapid Response (PEDRR) Program**
<https://www2.gov.bc.ca/gov/content/environment/plants-animals-ecosystems/invasive-species/edrr>
2. **TNRD 50% Cost Share Program**
<https://www.tnrd.ca/services/invasive-plant-management/programs/invasive-plant-program/50-cost-share-program/>

ELIGIBLE PLANT SPECIES

Common Name	Latin Name
Black knapweed	<i>Centaurea nigra</i>
Bohemian knotweed	<i>Fallopia x bohemica</i>
Brown Knapweed	<i>Centaurea jacea</i>
Bur Chervil*	<i>Anthriscus caucalis</i>
Caraway	<i>Carum carvi</i>
Carpet burweed	<i>Soliva sessilis</i>
Chameleon plant*	<i>Houttuynia cordata</i>
Common bugloss	<i>Anchusa officinalis</i>
Common Cocklebur	<i>Xanthium strumarium</i>
Common Crupina*	<i>Crupina vulgaris</i>
Cutleaf Blackberry	<i>Rubus laciniatus</i>
Cypress Spurge	<i>Euphorbia cyparissias</i>
Field scabious	<i>Knautia arvensis</i>
Garden Yellow Loosestrife	<i>Lysimachia vulgaris</i>
Garlic Mustard*	<i>Alliaria petiolata</i>
Giant Hogweed*	<i>Heracleum mantegazzianum</i>
Giant knotweed	<i>Fallopia sachalinensis</i>
Giant Mannagrass/Reed Sweetgrass*	<i>Glyceria maxima</i>

Himalayan balsam	<i>Impatiens glandulifera</i>
Himalayan Blackberry	<i>Rubus armeniacus</i>
Himalayan knotweed	<i>Polygonum polystachyum</i>
Italian arum*	<i>Arum italicum</i>
Japanese butterbur*	<i>Petasites japonicus</i>
Jointed Goatgrass*	<i>Aegilops cylindrica</i>
Longspine sandbur*	<i>Cenchrus longispinus</i>
Marsh Plume Thistle	<i>Cirsium palustre</i>
Meadow knapweed	<i>Centaurea x moncktonii</i>
Mouse-ear-hawkweed*	<i>Pilosella officinarum</i>
North Africa Grass*	<i>Ventenata dubia</i>
Persian cornflower	<i>Centaurea dealbata</i>
Phragmites*	
Puncturevine	<i>Tribulus terrestris</i>
Purple Loosestrife	<i>Lythrum salicaria</i>
Purple Nutsedge*	<i>Cyperus rotundus</i>
Queen Annes Lace	<i>Daucus carota</i>
Rush Skeletonweed	<i>Chondrilla juncea</i>
Saltmeadow Cordgrass*	<i>Spartina patens</i>
Scotch broom	<i>Cytisus scoparius</i>
Shiny geranium*	<i>Geranium lucidum</i>
Smooth Cordgrass*	<i>Spartina alterniflora</i>
Sweet Fennel	<i>Foeniculum vulgare</i>
Tansy Ragwort	<i>Senecio jacobaea</i>
Teasel	<i>Dipsacus fullonum</i>
Tree of Heaven	<i>Ailanthus altissima</i>
Velvetleaf	<i>Abutilon theophrasti</i>
Wild 4 O'clock*	<i>Mirabilis nyctaginea</i>
Wild Oats*	<i>Avena fatua</i>
Wild Parsnip	<i>Pastinaca sativa</i>
Yellow Nutsedge*	<i>Cyperus esculentus</i>

* Species NOT yet known to be present in the region.
